

COLORANTE NATURAL NEGRO LÍQUIDO

FICHA DE SEGURIDAD

SECTION 1. IDENTIFICATION OF THE SUBSTANCE OR PREPARATION AND OF THE COMPANY

1.1 Product identifier

Name of Product: Colorante natural negro líquido

1.2 Relevant identified uses of the substance or mixture and uses advised against

1.3 Details of the supplier of the safety data sheet

Gran Velada.S.L.
Pol. Montecillo, Nave 3D, 50520 Magallón, Zaragoza - España
Telf. 976867474
www.granvelada.com

SECTION 2. HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture

Product not classified.

2.2 Label elements

Words of warning: Any.
Hazard: Any. Precautionary tips: Any.
Additional information on hazards: Any.

2.3 Other hazards

Physical and chemical hazards: N/A.

For the environment: Environmental harmful effects of the product are considered limited.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

3.1 Mixtures

The product contains: Food Ingredients.
Contains: Vegetable carbon (E-153), Glucose syrup, Potassium Hydroxide and Water. Does not contain substances should be indicated under current legislation.

SECTION 4. FIRST AID

4.1 Description of first aid

Inhalation: Breathe fresh air and keep still. In case of persistent throat irritation and coughing: Seek medical attention and show this data sheet.

Skin contact: Remove contaminated clothing and rinse skin thoroughly with water. In case of eczema, wounds or other skin disorders: Seek medical attention and show this safety data sheet.

Eye contact: Do not rub eyes. Flush eyes with running water for a maximum of 15 minutes. Remove contact lenses and open eyes. If irritation persists: go to the emergency room and show this data sheet.

Ingestion: Rinse mouth thoroughly. If uncomfortable: Get medical attention.

- 4.2 **Most important symptoms and effects, both acute and delayed**
N/A.
- 4.3 **Indication of immediate medical attention and special treatment needed immediately**
Symptomatic treatment.

SECTION 5. FIRE FIGHTING MEASURES

- 5.1 **Extinguishing Media**
Select the most appropriate means of extinction, given the possible presence of other chemicals.
- 5.2 **Special hazards arising from the substance or mixture**
N/A.
- 5.3 **Advice for firefighters**
Selection of respiratory equipment in case of fire: Follow the general fire-fighting company.

SECTION 6. MEASURES ACCIDENTAL RELEASE

- 6.1 **Personal precautions, protective equipment and emergency procedures**
Avoid eye contact. Avoid breathing. Observe the measures mentioned in this safety data sheet.
- 6.2 **Environmental precautions**
Do not discharge into drains, soil or natural waters.
- 6.3 **Methods and materials for containment and cleaning**
Use a vacuum. If not possible, clean with water. Do not allow accumulation of liquid deposits on the surfaces.
- 6.4 **Reference to other sections**
For personal protection, see section 8. For information on disposal, see section 13.

SECTION 7. HANDLING AND STORAGE

- 7.1 **Precautions for safe handling**
Handling: Avoid breathing liquid. Avoid eye contact. Observe the rules for proper handling chemicals.
Technical measures: Keep the workplace clean. Avoid the generation, propagation and accumulation of liquid.
Technical precautions: You may be required mechanical ventilation.
- 7.2 **Conditions for safe storage, including any incompatibilities**
Store in a closed container in a cold, dry and dark place at room temperature of 25° C.
- 7.3 **Specific end use**
There is no data.

SECTION 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

- 8.1 **Control parameters**
N/A.
- 8.2 **Exposure controls**

Technical measures: Provide adequate ventilation.

Personal protection: The personal protective equipment should be chosen according to the CEN standards and in cooperation with the supplier of personal protective equipment.

Respiratory protection: In case of inadequate ventilation: Use respiratory equipment with particle filter, type P1. The use of filtering respiratory protection should be limited to a maximum of 3 hours per day.

Hand protection: It is recommended to wear gloves in case of prolonged use.

Eye protection: Wear tight fitting safety glasses if dust is generated.

Skin protection: Protective work clothing.

Hygiene measures: Wash your hands after exposure.

Control of exposure to environmental conditions: None.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

9.1 Information on basic physical and chemical properties

Appearance:	Liquid
Colour:	Black
Odour:	N/A
pH:	N/A
Point fusion:°	Not applicable
Point boiling:	Not relevant
Decomposition (° C):	Not applicable
Point Inflammation:	Not applicable
Density relative:	N/A
Solubility:	Soluble in water

9.2 Additional Information

There is no data.

SECTION 10. STABILITY AND REACTIVITY

10.1 Reactivity

None known.

10.2 Chemical stability

Stable under normal temperature conditions and recommended use.

10.3 Possibility of hazardous reactions

None known.

10.4 Conditions to avoid

Moisture and direct sunlight.

10.5 Incompatible materials

Oxidants.

10.6 Hazardous decomposition products

None under normal conditions. In the case of fire or at high temperatures the formation of the following decomposition products is possible. Carbon monoxide and carbon dioxide.

SECTION 11. TOXICOLOGICAL INFORMATION

11.1 Information on toxicological effects

Inhalation: Liquid can irritate the respiratory system.

Skin contact: N/A.

Eye contact: If the liquid comes into contact with eyes will cause irritation.

Ingestion: You can have an irritating effect and cause discomfort.

Specific effects: N/A.

SECTION 12. ECOLOGICAL INFORMATION

12.1 Toxicity

The product is considered hazardous for the environment.

12.2 Persistence and degradability

It is assumed that the product is biodegradable.

12.3 Bioaccumulation potential

N/A.

12.4 Mobility in soil

The product is water soluble and can be dispersed in aqueous media. Do not allow product to reach ground water, water course or sewage system. Danger to drinking water if even small quantities leak into the ground.

12.5 Results of PBT and vPvB

No required information.

12.6 Other adverse effects

None known.

SECTION 13. DISPOSAL CONSIDERATIONS

13.1 Methods for waste treatment

Product: It must not be disposed of together with household garbage. Must be specially treated adhering to official regulations.

Dispose of waste and residues in accordance with regulations issued by local authorities. CER code: March 2, 99, 5 February 99, February 6, 99, 7 February 99.

SECTION 14. TRANSPORT INFORMATION

The product is not covered by international rules or those of the European Union on the Transport of Dangerous Goods (IMDG, ICAO / IATA, ADR / RID).

Marine Pollutant (IMDG): -

14.6 Special precautions for users

None known.

14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not relevant.

SECTION 15. REGULATORY INFORMATION

15.1 Regulations and legislation on health, safety and specific for the substance

or mixtureNational regulations:

The substance is not subject to classification according to CEE lists and other sources of literature known to us.

15.2 Chemical Safety Assessment:

Observe the general safety regulations when handling chemicals.

SECTION 16. OTHER INFORMATION

Special precautions in handling and storage to prevent dust formation. Follow the Good Manufacturing process.
