ACEITE DE ARGAN

INFORMACIÓN REGLAMENTARIA SOBRE MATERIA PRIMA

Type of product	Substance, vegetable oil
Chemical description	Vegetable triglycerides
HS Code	1515904000

Additives	This product does not contain additives.
Animal origin	This product is not from animal origin.
No animal testing	Interfat S.A.U. has neither conducted nor commissioned animal testing on their products. Interfat S.A.U. do not intend to conduct animal testing in the future.
BSE/TSE	This product is free from BSE/TSE.
California proposition 65	This product is not included in the California Proposition 65 list.
CITES	This product does not come from CITES species.
CLP	This product complies with the current European legislation on classification, labelling and packaging of chemical substances according to EC/1272/2008.
CMR	This product does not contain CMR substances according to EC/1272/2008 (amended on 11th March 2021 by EU/2021/849).
Colorants	This product does not contain added colorants.
Cosmetic regulation and - Prohibited substances - Restricted substances - Allergens - Preservatives - UV filters	This product complies with REGULATION (EC) No 1223/2009 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 30 November 2009 on cosmetic products and complies with the following annexes regarding prohibited and restricted substances. Annex II: List of substances prohibited in cosmetic products. Annex III: List of substances which cosmetic products must not contain except those subjects to restriction including fragrance allergens according to COMMISSION REGULATION (EU) 2023/1545 of 26 July 2023 amending Regulation (EC) No 1223/2009 of the European Parliament and of the Council as regards labelling of fragrance allergens in cosmetic products Annex IV: List of colorants allowed in cosmetic products. Annex V: List of preservatives allowed in cosmetic products. Annex VI: List of UV filters allowed in cosmetic products.
Cosmetic function	Skin conditioning, skin conditioning-emollient. According COSING (Cosmetic Ingredients european data base)
Food allergens	This product does not contain food allergens listed in Regulation (EU) No 1169/2011 annex II and amendments. This product is not for food use
Food uses	This product is not suitable for food uses. This product is not food quality.
GMO	This product is free from genetically modified organisms
Halal	This product is not Halal certified however it does not contain any animal derived product and/or ethanol.
Impurities	This product is free of insoluble impurities.
Ionizing radiation	This product has not been treated with ionizing radiation.
Manufacturing process	Seed oil extraction, cold pressing and filtration
Microbiology	A microbiological risk can be excluded due to be an anhydrous product with water activity (aw) less than 0.6 that makes the medium unfavorable for microbiological development.
Nagoya protocol	This product complies with Nagoya protocol and Regulation EU/511/2014
Nanomaterials	This product neither consists of nanomaterial nor are nanomaterials intentionally added during processing, packaging and transport.
ISO 16128	This product is according to ISO 16128 Natural Index =1; Natural content = 100% Natural Origin Index = 1; Natural origin content = 100%
Oral use	This product is only for topical use. Not suitable for oral use or administration.
Organic certificate	This product is not certificate as organic
Palm and palm kernel	This product is not from palm and/or palm kernel origin.
Preservatives	This product does not contain added preservatives.
Product origin	This product is from vegetal origin.
PBT	This product is not persistent, not bio accumulative and non-toxic as defined in EC/1907/2006 Annex XIII
REACH	This product according to Annex 5, paragraph 9 of Regulation (EC) No 1907/2006 (REACH) is exempt from registration
Residual solvents	Due to processing conditions no potential for residual solvents
SVHC	This product does not contain substances of very high concern, substances of the authorization list (annex XIV) and substances of the restriction list (annex XVII) acc. EC/1097/2006
Toxicological information	Toxicological information (Acute toxicity, NOAEL, mutagenicity, LD50/LC50) is not available for this product Due to the fact that the product is obtained from food grade vegetal origin there is no reason to determine toxicity data. When applied correctly, the product will have no negative adverse effects in humans
UV filter	This product does not contain UV filters
Various substances	The following substances are not added intentionally and has not to be expected that these substances are unintentionally contaminants of the product since they are not processed on site.

	-Melamine -Bisphenol A -Latex -Gluten -Formol	-Lactose -Phthalates -Asbestos -Ethylene oxide -Toluene	-2-Chlorethanol -Nitrosamine -Etherglycol -Glycol -Formaldheyde
Vegan	This product is suitable for vegans.		
Vegetarian	This product is suitable for vegetarians.		
VOC	Volatile organic compounds is the collective name for organic substances which evaporate easily or are gaseous even at low temperatures (eg room temperature). According to our risk assessment, production-related we do not assume that corresponding substances are contained in the above-mentioned product.		
vPvB	This product is not very persistent and not bio accumulative as defined in Annex XIII of Regulation (EC) No 1907/2006 (REACH)
